

# LIB Valve

## One-inch ball valve

The LIB Valve is a general purpose ball valve, which is suitable for a wide range of applications across all key aerosol market segments.

For use with a large variety of standard and custom actuators and spray caps.

### Product features:

- ✔ Ideal for use with inverted orientation applications
- ✔ Ideal for use with compressed gas propelled aerosols
- ✔ Continuous 'up-down valve also known as 180°'
- ✔ Extensive specification combinations available

## Technical details One-inch ball valve

<b>1 Mounting cup</b>
Tinplate
<ul style="list-style-type: none"><li>• With or without dimples</li><li>• Plain or epoxy lacquer (clear or gold)</li><li>• Polypropylene laminated</li></ul>
Tin Free Steel (TFS) PET laminate
Aluminium
<ul style="list-style-type: none"><li>• With or without dimples</li><li>• Epoxy clear lacquer</li><li>• Epoxy gold lacquer + micoflex</li></ul>
<b>2 Outer Gasket</b>
Buna
<b>3 Inner Gasket</b>
Neoprene, Buna, Chlorobutyl, Butyl
<b>4 Valve stem</b>
Polyamide
<ul style="list-style-type: none"><li>• 3.3mm stem <math>\varnothing</math> or 4.0mm stem <math>\varnothing</math></li><li>• 1, 2 or 4 stem orifices with 0.34mm <math>\varnothing</math> to 0.75mm <math>\varnothing</math></li></ul>
<b>5 Spring</b>
Stainless steel
<b>6 Housing</b>
Polyamide
<ul style="list-style-type: none"><li>• RTP sizes ranging from 0.5mm to 2mm</li><li>• VPH sizes ranging up to 1.00mm</li><li>• Slotted version available for inverted use</li></ul>
<b>7 Diptube</b>
Polyethylene
<ul style="list-style-type: none"><li>• Available with straight cut or V cut</li></ul>

\* Dimensions are subject to standard manufacturing tolerances
